

ELECTRO INDUSTRIES - FIELD SERVICE BULLETIN

Bulletin Number 1107 Date 04-16-07

Product Name Make-Up Air, using Electric Furnace with special temperature program

Affected Product Model Numbers: HE-A-**

Serial # _____ through _____

ARL # _____ through _____

Production Date 4/26/2007 through Present

FIELD INFORMATION

Issue

The Electro Industries' self-contained make-up air units have been available in 5 and 10 kW for many years.

The need exists for a large kW unit. With this slight change in the basic Electro Industries' Electric Furnace product, HE-H-** or HE-A-** series, it can be used for make-up air.

Solution

Order the appropriate kW size Electric Furnace.

- HE-A-10 10 kW
- HE-A-15 15 kW
- HE-A-20 20 kW

During order specify chip code WFMU (Ver. 2.37).

Additional Information

Procedure HD308 (after 4/16/2007 revision) also covers this product combination.
